[Index Patterns](#)

Saved Objects

Advanced Settings

Create index pattern

An index pattern can match a single source, for example, `filebeat-4-3-22` , or **multiple** data sources, `filebeat-*` .

[Read documentation](#) ↗

Step 1 of 2: Define an index pattern

Index pattern name

Next step >

Use an asterisk (*) to match multiple indices. Spaces and the characters `\, /, ?, ", <, >, |` are not allowed.

☐ Include system and hidden indices

✓ Your index pattern matches 1 source.

Submit Submission Report Grades

EN-US

Submitting your work

32. To record your progress, choose **Submit** at the top of these instructions.

33. When prompted, choose **Yes**.

After a couple of minutes, the grades panel appears and shows you how many points you earned for each task. If the results don't display after a couple of minutes, choose **Grades** at the top of these instructions.

Important: Some of the checks made by the submission process in this lab will only give you credit if it has been at least 5 minutes since you completed the action. If you do not receive credit the first time you submit, you may need to wait a couple minutes and the submit again to receive credit for these items.

Tip: You can submit your work multiple times. After you change your work, choose **Submit** again. Your last submission is recorded for this lab.

34. To find detailed feedback about your work, choose **Submission Report**.
